

2012 Volunteer Time Sheet

Please provide the information to the office once your project is complete. Remember when we apply for a Firewise grant your effort equates to \$21.36/hr towards in-kind funds. We turn our donated time into dollars! These dollars will go to our much needed fuel reduction efforts.

Name _____

Date Worked _____ (Week, Month ie. 3rd week May)

Div, Lot Number _____ (ie. Div 7, lot #8)

Hours Worked _____

OR if you paid a Contractor for fuel removal please provide their cost here:

Dollars _____ Contractor Name _____

(If you had trees cut by a contractor, enter me expenses incurred. If you worked on the project as well, enter your time above.)

Question: Why should we do this?

Answer: If you take the few minutes to fill out the forms and turn them in, you will be saving yourself the outlay of monies in the future. Grants can allow for the much-needed cleanup of our greenbelt areas. You can include cleaning gutters, picking up branches from the winter storms. Any and all removal of something that would burn during a fire.

Question: What is the time frame for this information to be documented?

Answer: We will be doing this on an ongoing basis. Last years data is still good. You can turn in as many time sheets as are necessary to document your work. Each year we will total the numbers and that total time can be used for any grant submitted in that year.

Membership: This year we continue our efforts to include our community in our Firewise effort. We would like to invite you to become a member of the Firewise program here at Lake Cushman. By becoming a member you are indicating your support of our efforts in reducing the fire danger at Lake Cushman. If you would like to show you support of Firewise here at Lake Cushman, please provide a phone number and/or email address so that we might include you in our mailing and/or email updates. All that we are asking is a \$5 donation. Thank you for your support! (Note: This is a calendar year program.)
